

**RESPONSE**

In response to the Restriction Requirement dated February 11, 2005, Applicants elect Invention Group I, claims 1-6, drawn to a ferrule heating apparatus. Applicants also elect apparatus claims 9-10 because they depend from elected claim 2. Hence, the combined election is to claims 1-6 and 9-10.

The identification by the Examiner of claims 9-10 as belonging to Invention Group II is believed to be in error. Only claims 7-8 are directed to a method. To the extent required, the further election of claims 9-10 is to be deemed an election with traverse.

Applicants reserve the right to file one or more timely divisional application(s) directed to the subject matter of non-elected claims.

This application should now be in order for consideration on the merits of the claims in the elected invention group, as Applicants have fully and completely responded to the Office Action by making the required election.

In the event there are any questions relating to this Response or the application in general, it would be appreciated if the Examiner would telephone the undersigned agent concerning such questions so that prosecution of this application may be expedited.
